

Delivering Healthy, Safe, and Caring Food Services for Campus

Industry: Education

Location: Shanghai, China

Service Provided: Comprehensive Food Services

Project Background:

As a premier bilingual school under Wellington College China, Hiba Academy maintains uncompromising standards for campus dining—requiring absolute food safety, rich culinary variety, and exceptional taste.

To fulfill these expectations, Hiba partnered with Aden. We implemented a comprehensive solution that strictly enforces international hygiene protocols while delivering a diverse and appetizing menu. Today, Aden consistently serves nearly 250,000 high-quality meals annually, ensuring a safe and delicious dining experience for over 1,000 faculty and students.

From Food Safety to Community Care: A Holistic Dining Approach

Ingredient Sourcing and Food Safety

- > Ingredients sourced from trusted, certified suppliers, ensuring full traceability.
- > Compliance with ISO 22000, including daily monitoring (temp/hygiene), strict kitchen access, and thorough allergen management.
- > Rigorous color-coded system for storage and cleaning prevents cross-contamination.

Community Experience

Our approach centers on student well-being. By maintaining strict allergy and allergen safety protocols and delivering attentive, detail-oriented service, we create a dining environment that supports the health and comfort of every student and faculty member.

Hiba Did It. Now It's Your Move!

Whether managing international schools, higher education institutes, or any large-scale educational body, Aden Services crafts tailored solutions for your unique requirements.

With Aden Services, you gain a partner for the full journey—from concept planning and facility establishment, through to the safe and highly efficient daily delivery of quality food service.

Let's build your next great food experience!
